shopper 2

The world's favourite food merchandiser!

Quality | Satisfaction | Sustainability

The Shopper 2 has been designed to meet the varying needs of a 24 hour refreshment service. Machines provide the largest selection of products that consumers demand, leading to higher sales volumes and increased operator profitability. Shopper 2 is the first choice for around the clock fresh food, snack and cold drinks vending.

SATISFY APPETITE, QUENCH THIRST, DRIVE UP SALES

- Nine levels, each with 127 mm tall vend doors, provide optimum product visibility, promoting sales
- Increased operator revenue/profit through widest selection of products available from one machine
- Exclusive "Prefer Max" function automatically returns the drum to the view with most products for sale
- Powered vend doors on all levels allow easy one handed operation
- Five Zone partitioned drum provides excellent merchandising alternatives while the two way drum rotation speeds customer selection time
- Individual selection pricing increases flexibility
- High efficiency refrigeration and improved airflow provides even temperature distribution to all levels - environmentally friendly and keeps products fresher for longer
- Refrigeration unit can be easily serviced from the front of the machine
- Foam-in-place cabinet and door increases operating efficiency and helps to reduce energy consumption
- Side-of-drum storage area keeps additional products refrigerated and available for immediate re-stocking
- Audit system records sales information, aiding stock control and machine management

enjoy
fresh

Place the Shopper 2 with snack, combination and drinks machines from the Crane Merchandising Systems range to create a total vending solution tailored to the needs of specific staff/customer preference or location.

Image shows BevMax 4 35 select, Shopper 2, Merchant 4 & Evolution. Base graphics shown on Merchant and Evolution are available as extra cost options.

Flexible merchandising options

The Shopper 2 offers unprecedented merchandising flexibility. Products are stocked into individual compartments on 9 rotating shelves. Each shelf comprises five trays, each of which can be divided into two, three, four or five segments.

Trays can be easily configured to hold a selection of plated main meals to small snack items, maximising the available space and offering customers a wide choice of products

With increased compartment width and height, the Shopper 2 can also stock 229 mm diameter platters as well as upright cans, tetra paks and sandwiches for dramatically improved product display.

N.B. All trays on a level must have equal division.

Refrigerated product compartments

- The rotating drum is fully refrigerated with air evenly distributed throughout the shelves
- Highly efficient refrigeration provides the best air distribution system in the industry

Choice of payment systems

- Shopper 2 is compatible with the leading M.D.B. and Executive coin and cashless systems
- Either option can be fitted depending on the payment format required

Caring for the environment and reducing operating costs

The Shopper 2 is one of the more **energy efficient**, vending machines in the market-place today,

achieving an EVA EMP rating of A. The latest power save software reduces energy consumption whilst keeping the machine "vend ready".

A Shopper 2 in energy

save mode uses 13% less energy per hour than when in standby mode while a machine in energy save mode and door heaters switched off (where conditions allow) uses 56% less energy per hour!

A sustainable partnership

With over 80 years vending experience, strong, continuous investment in NPD, and a focus on quality in everything we do, CMS is your long term partner when it comes to providing high quality vending solutions, after sales support and complete peace of mind.

- Maximum Reliability
- Increased Profitability
- Consistently Delivered
